

BODY SHOP

Orange Klean will remove urethane from glass, upholstery and carpets without smearing. A concentrate pre-spray is recommended at the beginning of this particular task. Below we have listed other applications.

- Over-spray removal from lights, tires, glass and interior.
- Silicone removal from door jambs, tires and interior.
- Metal prep primer wash; anti-static, prevents fisheyes, swirls and bubbles
- Paint oxidation; work in sections, 10:1 solution, will restore paint in half of the time

STEAM CLEANING

ORANGE KLEAN can be used in steam cleaners to do such jobs as paint work, vinyl siding, engines and all types of heavy machiners.

1. Add ORANGE KLEAN to tank in 50:1 solution, for pressures 100 p.s.i. and lower.
2. For additional pressures: 200 p.s.i. increase solution to 60:1
300 p.s.i. increase solution to 70:1
400 p.s.i. increase solution to 80:1 up to 140:1

ALUMINUM, STAINLESS STEEL, MAGNESIUM AND CHROME

ORANGE KLEAN will attack these problems with a 20:1 solution. ORANGE KLEAN removes salt pits, rust, water stains on ovens and can also inhibit rust from occurring when used regularly. ORANGE KLEAN does not leave streaks on aluminum.

CARBON

Used at 20:1 solution, ORANGE KLEAN can solve these problems;

1. For stacks, spray directly on and rinse off surface when carbon appears to run.
2. When (in extreme cases) using for dipping, mix a 7:1 solution, soak for one hour and rinse. Example; carbon on piston heads etc.

DIPPING

ORANGE KLEAN may be used for dipping to remove carbon deposits from piston heads, epoxy glues, surface rust and heavy degreasing. Some examples are engines, spare parts, metal (finished or unfinished) and many other tough problems.

1. When dipping, use a 7:1 solution and soak for approx. two hours.
2. If necessary, rinse with water to remove light oil film.
3. Solution may be filtered and reused when soiled.

AVIATION, BOATS, AND RV'S

ORANGE KLEAN has been successfully used on all types of aircrafts, boats and RV's. Removal of exhaust stains, surface rust and rust stains, oxidation of aluminum, paint and fiberglass, grease, mildew on ropes and canvas, water line build-up and even removal of bugs! ORANGE KLEAN with regular use will aid in water dispersal, preventing beading and water spots, can also be used for cleaning bilges.

OUT-CLEANS AND OUT-PERFORMS THE REST!

Nonflammable

GENERAL CLEANING

ORANGE KLEAN may be used as a general all-purpose cleaner. Use ORANGE KLEAN 30:1. Spray surfaces such as a counter tops, furniture, paneling, wall upholstery, appliances, light fixtures ect. Wipe dry with clean cloth or towel.

1. Always mix ORANGE KLEAN with water. Sea water may also be used.
2. Always test for color-fastness when using ORANGE KLEAN on fabrics. For upholstered furniture, test on back of piece.
3. ORANGE KLEAN is not available in stores. Contact the company by phone or visit us online at www.OrangeKlean.com

JEWELRY

Dilute 1 tablespoon of ORANGE KLEAN in a small glass of warm water. Soak jewelry in solution for 2-5 minutes stirring lightly. A soft tooth brush may be used if needed for hard to reach placed in for ex: watch bands and rings. Rinse with clean water and buff dry with terry cloth. Do not use on opals, pearls, cameos or low quality jewelry.

CLOTHES / STAINS

Orange Klean can be used as a pre-spray on clothing (avoid satin, silk, and soft leather), removing virtually every stain. The results are Astonishing! Whether is be tar, grease, oil, blood, inks, grass or make up, ORANGE KLEAN will greatly reduce expenses in your laundry room. Use a 30:1 solution.

TILE AND LINOLEUM FLOORS

1. Dilute ORANGE KLEAN 30:1 in a bucket of water.
2. apply to the floor, let sit for 3-5 minutes (excellent with a floor buffer).
3. Mop-up no rinsing needed.
4. For heavy wax build up, dilute 10:1 and let sit for 5 minutes.

DE-FOGGING GLASS AND MIRRORS

1. Apply ORANGE KLEAN with a spray bottle (1 tablespoon to a quart of water.

2. Use a clean. dry cloth to buff glass completely.

Some uses are windshields, eyeglasses, bathroom mirrors, scuba facemasks, ski goggles and store windows.

Ovens

1. Dilute ORANGE KLEAN 30:1 (for badly spoiled ovens 10:1)
2. Pre-heat oven to warm temperature. Apply ORANGE KLEAN to oven for a Few seconds and wipe. Be careful not to burn yourself.

CARPETS

With carpet machines:

1. Vacuum before shampooing.
2. Use a 50:1 solution (10:1 if very solid). Add solution to holding tank.
3. Shampoo entire carpet. Let the carpet dry completely.

Without carpet machine: (excellent for spot removal)

1. Vacuum carpet.
2. Dilute ORANGE KLEAN 30:1 in abucket of hot water.
3. Apply withsoft bristled brush or sponge mop to loosen soil.
4. May be wiped with a clean towel if necessary on badly soiled areas.
5. Vacuum again after the carpets are dry.

RESTAURANTS

At a 30:1 dilution ORANGE KLEAN cleans all counter and table-top surfaces and leaves the tile floors non-slippery. Diluted 10:1 it cleans grease on hoods, walls, pizza ovens, ect. 120:1 dilution leaves a clear streak-free shine on glass and stainless steal.

PRINTING

Orange Klean may be used to replace blanket wash and other chemicals used to clean printing equipment. Orange Klean helps to prevent over-drying of rubber and contains 2% alcohol to aid in fast evaporation and minor expansions of roller. Orange Klean can be applied in spray form or directly with a cloth. At a 10:1 solution it removes ink from painted machines, hands. clothes and floor. It also provides superior results on screens.

VINYL TOPS AND MILDEW REMOVAL

1. Dilute Orange Klean 30:1, stronger depending on soil build-up.
2. Apply and scrub lightly with a brush.
3. Rinse with clean water.

DEGREASING CAR ENGINES

1. Dilute Orange Klean 7:1
2. Spray on engine or engine parts.
3. Rinse with a pressure or garden hose.

CONCRETE

Orange Klean will replace muriatic acid for cement dust on painted surfaces. Cleans your garage floor and driveway. Use a 7:1 solution.

MACHINE SHOPS

Orange Klean will replace Varsal, carb-cleaners, WD-40 and handle your dipping tank at 7:1 or 10:1
